

Christmas Charades

- Print out or write out these Charades Cards.
- Fold the cards and put them into a pretty bowl or Christmas tin
- Set up some house rules. Will talking be allowed? Can you use props? What happens if no one can guess? Will there be a time limit?
- If there are children who aren't reading yet, pick someone who can read the card to them (and not guess) OR draw pictures on the cards before you start.
- Once you run out of cards have everyone take turns making up their own Christmas Charade.

Different games with the same cards

- Drawing game. You can also use these cards to make a drawing game. Play the same way as with Christmas Charades but instead of acting out the cards, draw a picture. Who can guess first?
- Game of Clues. Draw a card and give clues without saying the words on the card. Get creative and see how fast you get everyone to guess.
