Put away your electronics!

When you put electronics devices away, sometimes it can be difficult to think of something to do to pass the time. Here are some suggestions to get you started.

If I were an animal...

Imagine you can turn into any animal. What animal do you choose? Where do you live? What do you look like? What do you do every day? What do you like?

Remember, you can also be a mix of lots of different animals! Draw yourself as an animal and write a description.	

TREASURE HUNT AT HOME

Hide each clue in the place that is the answer to the previous clue

I'm bigger than an ant, I'm bigger than a bee. You can unlock a door with me.

Turn out the light and rest your head on me tonight.

You use me on your hands after playing in the dirt. If I get in your eyes it might hurt.

Open me up and look at what I hide, I have your favourite frozen things inside

I will keep your books safe in my pack. Zip me up before slinging me on your back. Plates go in dirty but come out clean. I can be white, black, and maybe even green.

I'll keep you dry on a rainy day, in the wind I might just blow away!

You fill me up and drain when done. Adding bubbles is always fun!

I have four legs, I can be short or tall. Put your food on me - it will not fall.

I am an invention that allows you to look through walls.

Intentionally blank, in case you want to cut out the clues

If I were a superhero...

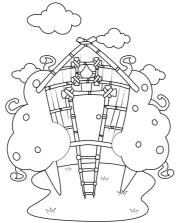

Imagine you are a superhero. What is your name? Where do you live? What do you look like? What are your superpowers? What is your mission? Who do you help? Draw yourself as a superhero and write a description.

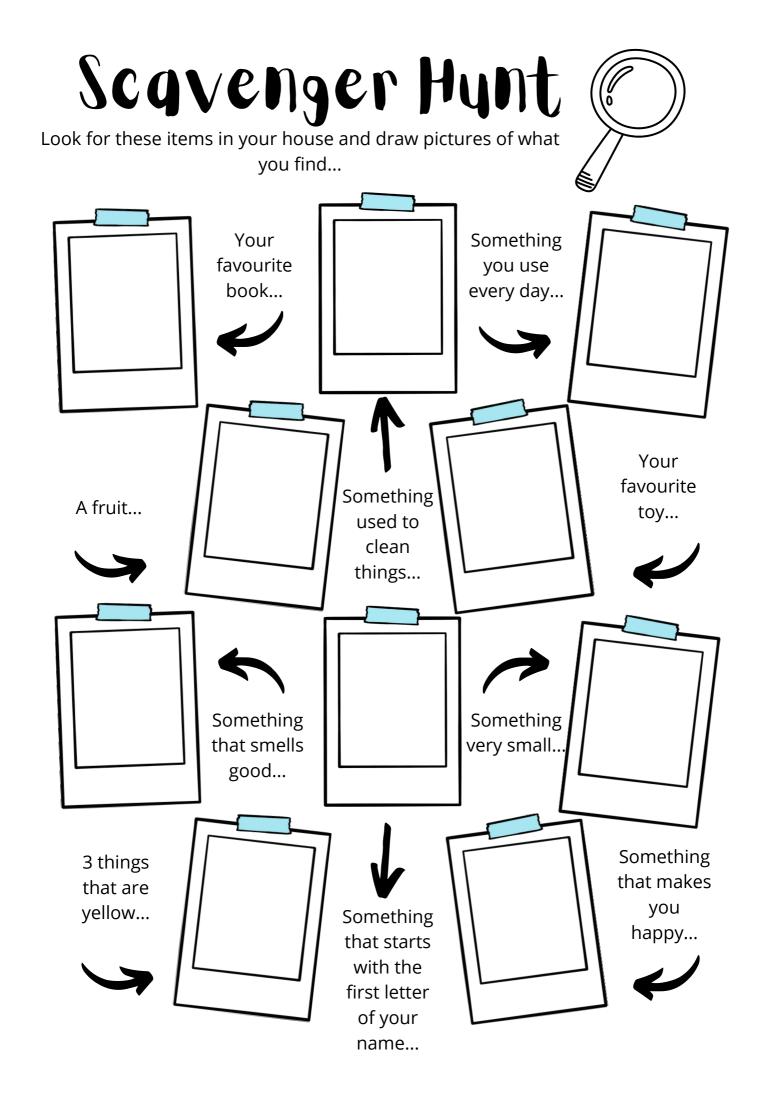

What is your mission? Who do you help? Draw yourself as a superhero and write a description.				

My crazy house...

Imagine a crazy house. What would C t C O

t look like? What would it be made of? Could it do anything special hat other houses can't do? Draw it and describe it.	TW WY
