

# The Arctic Circle – activity sheet

---

In a desolate landscape one man's survival depends on the single fruit tree by his abode. One day a strange box arrives and gives him a special power. Will he be able to control his urge to keep the box from his neighbour?

## Writing Ideas

Think about the narrative of the film; What is happening? Where is the man? Is he human, how can you tell? Why is he there on his own? Make predictions.

## There are many writing opportunities:

Write the story in 3rd person/1st person narrative;

Write a rich description of the desolate landscape;

Write an internal monologue for our hero at certain points.

Write a sequel - what happens when his neighbour finds the box - perhaps he is less greedy.

Where do they go once in the box? What is it like in there?
